## RULERS MUST RETURN

Their Presence at the Chinese Capital of Vast Importance at This Time.

### DEMAND MADE UPON THE PRINCES.

Emperor Notified That He Must Give an Immediate Answer—Matter Affects Maintenance of China's Integrity.

Peking, April 15.—Komours Yutaro, the Japanese minister, accompanied by General Yamaguchi, the Japanese commander, recently called on Prince Ching and notified him that the return of Emperor Kwang Su to Peking was urgently desired. It was pointed out to the Chinese plenipotentiary that the emperor's return was of the highest possible importance as affecting the maintenance of the integrity of the Chinese empire and that he should come accompanied by every available Chinese soldier, by at least 20,000 men if possible. These troops, it was further contended by the Japanese minister, must be sent into Manchuria, as the Russians reported great disturbances there, and it was not right that the task of quelling the trouble should be thrown upon the shoulders of one nation. Finally Prince Ching was assured that, if the 20,000 Chinese troops could not suppress the disorders in Manchuria, other powers would send an international force to cooperate with China, which all the powers regarded as a friendly power. No reply having been received to this communication, Li Hung Chang was notified to the same effect, and told that Emperor Kwang Su must give an immediate answer.

Prince Ching says all his reports go to show that the missionary statements regarding a rebellion in Mongolia are not supported by the facts. Neither does he believe that the rebellion of General Tung Fu Hsiang amounts to much.

The conduct of the ministers of the powers over the negotiations with the Chinese plenipotentiaries caused much adverse comment among the military authorities. Their dilatory tactics have prevented what might have been accomplished two months ago. Even now the meetings of the ministers are postponed for the most trivial causes. The preparations which the Japanese here are making for an early start indicate that they expect war between Russia and Japan. Vessels arriving at Taku from Nagasaki report the mobilization of the Japanese fleet and the continuance of preparations on board ship for the anticipated struggle.

### To Resist Invasion

London, April 15.—The government of Korea, according to a dispatch from St. Petersburg, has decided to build 32 coast fortresses to resist a possible Japanese invasion.

### Fought With the Boers.

Lisbon, April 15.—Among the Boer prisoners who recently arrived in Lisbon from Lourenzo Marques was a young American, Mr. Randolph Martinsen, who described himself as a son of the president of the Missouri, Kansas and Texas railroad. He was captured by the British, but released as an American on promising not to fight again. Subsequently he was arrested in Lourenzo Marques at the request of the British authorities, under suspicion of being a Boer agent. Mr. Martinsen, on being brought here, secured his release through the American charge d'affaires.

### Cudahy May Go.

Omaha, April 15.—E. A. Cudahy said that his going to Dallas, Tex., would depend entirely on the result of County Attorney Shields' visit to that city in connection with the alleged confession of H. C. Henderson to complicity in the abduction of young Cudahy, last December. Should he become practically certain that Henderson was one of the kidnapers, Mr. Cudahy and his son will leave for Dallas during the present week, when the young man will attempt to identify Henderson.

### An Author's Passing.

Omaha, April 15.—Colonel J. R. Musick died of heart failure at his apartment in this city. Injuries received while rescuing the injured after a cyclone at Kirksville, Mo., led to his death. Mr. Musick devoted a greater part of his life to writing historical stories for young people. His most ambitious work was the "Columbian Historical Novels," in 12 volumes.

### To Restore Jewish Nation

Milwaukee, April 15.—Fifteen hundred Hebrews held a meeting in interest of the Zionist movement and demonstrated approval of the plan which, it is hoped, will restore the ancient prestige of the Jews as a nation. The plan is to raise a fund sufficiently large to purchase the land of

Palestine from the Turks and make it a refuge for oppressed Jews of every land.

### RECRUITS DESERT.

Drew Their Pay and Fled From the Post at Leavenworth.

Leavenworth, April 15.—Over 150 newly enlisted soldiers of the Fourteenth cavalry regiment, recruiting here, have deserted. The only reason assigned is they were disappointed, believing that since Aguinaldo has been captured the new regiment would not be sent to the Philippines on account of the possible termination of the war.

The missing soldiers are nearly all young recruits, and were from all companies of the new regiment, which now numbers 805 men. Friday was their first payday. A number purchased tickets to nearby cities, and it was learned several passed through St. Joseph, Mo. A detachment of regulars has been sent out to bring them back. It is said the officers will not try the recruits for desertion if they return within ten days.

Telegrams have been sent in every direction to locate the missing men. It is believed all of them will be found and returned to the post.

### Harris Has Victims in Ohio.

Hamilton, O., April 15.—Robert H. Harris, who was arrested at Duluth on a charge of embezzlement, has a number of Ohio victims. He went to Duluth 12 years ago and promoted a number of mining schemes, in which former fellow-citizens at Oxford, O., have lost about \$100,000. Dr. Faye Walker of Oxford college lost \$50,000 and went \$80,000 in debt. He is now preaching in Philadelphia. Dr. C. O. Munns lost \$20,000. Several widows are reported to be stranded by investing in Harris enterprises. Harris was a leader in church circles in Oxford.

### Noted Physician Expires.

Denver, April 15.—Dr. William F. McClelland, 80, is dead. Before coming to Denver in 1862 his name had become known in Europe as well as in America for his success in performing difficult operations. He was the first physician to make a study of the climatic influences of the mountain region upon pulmonary diseases, and wrote extensively of the benefits of Colorado's climate, to which was due largely the first fame of the state as a resort for pulmonary patients. He amassed a fortune in real estate.

### Move of Railway Machinists.

Chicago, April 15.—The first move in what is likely to be a bitter fight between the International Association of Machinists and several of the railroads entering Chicago has been made in demands by the association on the Chicago Great Western railroad for a minimum wage scale of 29 cents an hour, shortening of the work day from 10 to 9 hours, and regulating the apprentice system. Officials of the railroad company are expected to make a reply within the next few days.

### Weekly Bank Statement.

New York, April 15.—The weekly statement of averages of the associated banks shows: Loans \$890,956,000, decrease \$13,484,600; deposits \$969,289,200, decrease \$16,492,100; circulation \$31,470,000, decrease \$302,700; legal tenders \$69,618,400, increase \$215,460; specie \$180,642,100, decrease \$2,218,400; total reserve \$250,260,500, decrease \$2,002,800; reserve required \$242,322,300, decrease \$4,123,025; surplus reserve \$7,938,200, increase \$2,120,225.

### To Release Military Prisoners.

San Francisco, April 15.—An order has been issued by President McKinley directing that prisoners at Alcatraz, belonging to volunteer regiments, sentenced for minor offenses, be released. This is done to enable the men to go home with their regiments, the release to take place when the regiment to which the prisoner formerly belonged is mustered out. There are about 250 general prisoners on the island who will be affected by order.

### Ordered to Reduce Rates.

Lansing, Mich., April 15.—State Railroad Commissioner Osborn ordered the Grand Rapids and Indiana, and the Muskegon, Grand Rapids and Indiana Railway companies to reduce passenger rates to 2½ cents per mile. The earnings of these roads last year reached \$2,000 per mile, which, under the statute, brings them within the 2½-cent classification.

### Loomis' Successor.

Washington, April 15.—It is learned that there will be no original appointment to the post at Caracas which was vacated by Minister Loomis. The state department expects to transfer to that post some one of the United States ministers now serving in another capital, but it can not be ascertained whether the selection is made.

### Dead Body Found.

Richmond, Ind., April 15.—The badly decomposed body of George Wyburn, who came here several months ago from Ottawa, O., was found in an ice pond near this city. There is no evidence of violence.

## STRUCK AT A CROSSING

A Party Meets With Disaster Returning From an Entertainment.

### THREE PERSONS KILLED OUTRIGT

Stepped Upon the Tracks and Failed to See an Approaching Passenger Train—Victims: Baby Maud—The Injured.

Wilkesbarre, Pa., April 15.—A party of four people while crossing the tracks of the Lehigh Valley railroad at South Wilkesbarre, were run down by the Buffalo express, going north. Three of the party were killed and one injured. The dead are: Morris O'Connell, Mrs. Morris O'Connell, Mrs. Frank Cranmer. Injured: Frank Cranmer.

O'Connell and his wife were entertaining the Cranmer couple, whose home is in Bradford county. During the evening they visited relatives in this city, and at 1:30 a. m. started to return to the home of the O'Connells. When they reached the crossing at South Wilkesbarre a freight train was blocking it. As soon as the freight train moved out the party started to cross the tracks but did not notice the approaching passenger train from another direction. The engineer of the express failed to see the people on the track until the locomotive had ploughed into them. The two women were hurled a great distance into the air, and when picked up were dead. Both bodies were badly mangled. Mr. O'Connell had both legs and one arm broken. He was taken to a hospital, where he died in a short time. Mr. Cranmer was able to step from the track before being struck with full force, and escaped with slight injuries.

### Church Dedicated.

Toledo, April 15.—Archbishop Ireland of St. Paul, assisted by Bishop Horstmann of Cleveland, Bishop Foley of Detroit and about 200 prominent Catholic clergymen from all parts of the United States, dedicated St. Patrick's church, said to be one of the handsomest church buildings in the country. The church, which cost \$200,000, will stand as a monument to Father Edward Hannin, who, though 75 years of age, did the architectural work, superintended the entire construction, and even staked off the ground.

### Desperado Killed.

Silver City, N. M., April 15.—Red Weaver, a well known border character and a reputed member of the famous "Black Jack" gang of bandits, has been killed at Alma, a little mining camp 70 miles northwest of here. Weaver had threatened to kill Ted Holliman, who had previously called him to account for certain remarks against a young woman's character. Later they met again and fired at each other simultaneously. Weaver fell dead with a bullet through his head. Holliman was exonerated.

### To Curb the Grain Combine.

Salina, Kan., April 15.—Farmers of Salina county have completed the preliminary organization of the association to prevent the grain combine building or leasing their own elevators, and a charter will be applied for at once. Efforts to form similar organizations throughout the wheat belt of Kansas and Oklahoma will be made with a view to having representatives at a state meeting, to be held in Salina on May 15.

### Farmer Tortured.

Bowling Green, O., April 15.—Three robbers bound, gagged and tortured D. K. Brower, 65, in their efforts to get the proceeds of a farm he had sold. They only secured \$12, he having deposited the money—\$4,400—in the bank. Before they found the deposit certificate, which proved his statement that the money was in the bank, they tortured him by applying lighted matches to his feet.

### Coal Mining Deal.

Wheeling, April 15.—The Empire Coal Mining company deal will be closed up today when President W. P. De Armit, Mr. J. F. Newman and other directors will place on record at St. Clairsville a blanket mortgage on the 30,000 acres of coal and five mines, in security of the \$2,000,000 cash furnished on the bonds of the company by the Fidelity Title and Trust company of Pittsburg.

### Hard Struggle Ahead.

Anaconda, Mont., April 15.—Six weeks ago 60 members of the Machinists' union, employed by the Anaconda Copper Mining company at this place, went on strike for a 9-hour day at 45 cents an hour. There are 600 men affected by the trouble, with indications pointing to a protracted struggle. The Molders' union has, under similar grievances, joined the strikers, and as a result the foundry department of the Anaconda company has been shut down.

## IN THE TOILS.

Pittsburg Officials Believe They Have Bugged Big Game.

Pittsburg, April 15.—Chief of Detectives Roger O'Mara believes that in the arrest of the Wrights and Wilcoxes a noted gang of housebreakers and murderers has been broken up, and swift justice promised the prisoners who are believed to be the people who have been operating so extensively in this vicinity the past month, and whose list of crimes culminated in the murder of Grocer Kahney and Detective Fitzgerald. John H. Wright, 25, came from Canada to Pittsburg six weeks ago. Robert D. Wilcox is 21; Jennie Wilcox his reputed wife, is 22. Jessie Wright or Jessie Bodyne, as letters found show her maiden name to have been is 22. Both gave their callings as that of housekeepers. Edward Wright is 22. In the encounter with detectives he was shot three times, but none of the wounds is fatal.

In the rooms of the prisoners several trunks of plunder were found, and in Wright's room burglar outfits, including a vial of nitroglycerin, percussion caps, fuse and five sticks of dynamite were secured.

### DID THEY TELL ALL?

Testimony of Bradley and Yost in the Trial of Captain Ripley

Frankfort, Ky., April 15.—The trial of Garnett D. Ripley as an alleged conspirator in the murder of Goebel was resumed at noon. The defendant himself was the first witness for the defense. It is known that ex-Governor Bradley and Judge W. H. Yost reaffirmed their statements, and they said that Ripley did not accompany his statements with any such explanation as Attorney O'Neal gave in outlining the case for the defense. There is a report that both Bradley and Yost, in their testimony before the grand jury, told much more than they did on the stand last week. The prosecution asked them questions bearing on only one point, and the defense did not cross-examine them.

### Hostilities Renewed.

Wallace, Ida., April 15.—Jack Powell was shot and killed at Mullen by Deputy Sheriff Williams. Three men fired from ambush at Deputy Sheriff James Rose and Williams about mid night, wounding Rose twice in the right arm and once in the right thigh. Deputy Williams fired six or seven shots in the direction of the flashes and fatally wounded Jack Powell. Martial law, which has been in force in Shoshone county since the Bunker Hill and Sullivan concentrator was blown up on April 29, 1899, was abolished last Thursday by Governor Hunt. Threats had been made that with the abolition of martial law all who served as officers under it would be "done up," and it is said these officers never went out alone after dark.

### Carrie Nation Arrested.

Kansas City, April 15.—Mrs. Carrie Nation was arrested in this city on the charge of obstructing the street. She was taken to the police station in a patrol wagon, but was released on a cash bond. Mrs. Nation started on a tour of investigation among the downtown saloons. A crowd of 1,000 men and boys followed her, and at Twelfth and Walnut streets, where there are saloons on three corners, she was arrested because the crowd following her blocked the street. She roundly lectured the saloon men whom she visited.

### Yankee Jockeys Lose Out.

London, April 15.—Friends of the American jockeys in England are so far badly disappointed at the season's work. L. Reiff has lost 15 out of 20 races, J. Reiff 31 out of 36, and Maher 16 out of 20. These failures are variously attributed to the fact that most of the English jockeys have adopted the American style of riding, or to immature condition of American mounts.

### He Confessed.

Carbondale, Ills., April 15.—Several days ago a letter was found at the door of Murray Dean's place of business, demanding \$8,000 under penalty of destroying his property. Frank Lynch, a farmer living near Ava, has been placed in jail charged with the crime. Shortly after his incarceration he confessed.

### Result of Bad Blood.

Wichita, Kan., April 15.—At Granite, O. T., J. T. New killed his brother in law, John Doyle. Both had revolvers, but Doyle did not attempt to use his weapon. He went into a neighbor's house to avoid the quarrel, but New followed him and shot him three times. Bad blood had existed between them. New is under arrest.

### Series of Fires.

Muncie, Ind., April 15.—There has been a series of fires in Muncie during the past 24 hours, the worst damage being at the Palmer Iron and steel works, where the pattern room department was destroyed, causing a loss of \$2,500, and Ball Brothers' big glass works was slightly scorched.

## SCANDAL IN THE PHILIPPINES.

First Trial For Alleged Commissary Tolls in the Philippines.

### BEGAN WITH STARTLING TESTIMONY

Military Authorities Accused of Taking Flour Selling It and Dividing the Proceeds—Authorities Suppress News About Aguinaldo

Manilla, April 15.—The trial of Sergeant Meinson, the first case in the commissary scandals, began with the startling disclosures expected. Two witnesses testified that quantities of flour were taken from a government warehouse and sold by three commissary sergeants and two others, who divided the proceeds. Finnlick, proprietor of an American bakery, was incriminated, and other business men were also involved. The extent of the alleged sales has not been ascertained.

General MacArthur has forwarded to Washington a special report on saloons and the social evil in the Philippine islands.

Information concerning the doings of Aguinaldo is withheld by the authorities for the present.

The wife and mother of Aguinaldo have been almost his only visitors during the past week.

General MacArthur considers inopportune the suggestion made here that Aguinaldo visit the United States.

By the treasury of a native guide Lieutenant Mills of company G of the Forty-third volunteer infantry was almost entrapped while pursuing Filipinos in the interior of the island of Leyte. After a sharp skirmish the natives were defeated. Surgeon Lewis Thompson and Private Prosser were severely wounded.

Archbishop Chapelle, the papal delegate in the Philippines, has been summoned to Rome. He will sail soon and his return is improbable.

### Transport Sails.

Vallejo, Cal., April 15.—The naval transport Solace will sail on Tuesday for Guam and Manila, carrying a large cargo of machinery, provisions, clothing and stores. For Guam there is a large quantity of provisions and clothing and 500 good-sized orange trees. Fifty officers will go on the ship as passengers. A number of them will be accompanied by their wives. The Solace is weighed down with old guns and chains taken along as ballast for the return trip. A large draft of sailors will arrive from the east to take passage on the Solace.

### And the Populace Cheered.

Vienna, April 15.—Crown Prince Frederick William of Germany arrived in Vienna in acceptance of an invitation from Emperor Francis Joseph, who, with the Austrian archdukes, greeted him at the railway station. A large and enthusiastic course awaited his arrival. Subsequently the emperor received the crown prince in private audience and later returned his visit. During the afternoon, and amid popular demonstrations, the crown prince drove to the Capuchin mausoleum, where, on behalf of Emperor William, he deposited wreaths on the tombs of Empress Elizabeth, Crown Prince Rudolph and Archduke Albrecht.

### Echoes of the Battle.

Maryland, Ky., April 15.—Later advice from Boone's Fork are that Deputy Sheriff John H. Elkins of Whitesburg, who was on Wright's side, was shot twice, once in each shoulder. Creed Potter, with John Reynolds, was shot twice across the back, only slight flesh wounds. John Reynolds is believed to be shot fatally. Twenty more from the Potters and Boutleys joined the Reynolds faction. A dozen armed men guard the house where John Reynolds is being nursed. The others occupy positions for picket duty. The Wrights have received over a dozen armed recruits.

### Fendist Trapped.

Sneedville, Tenn., April 15.—Evan Bledsaw, a fendist, was found dead sitting in an upright position against a tree, grasping his Winchester tightly. He had been shot from the rear. It is believed he had been decoyed to the isolated spot in the hope of capturing the man who killed his father. Bledsaw killed John M. Tate, but it is not believed the Tates killed Bledsaw. He had been dead several days when found.

### Force the Only Means.

Limerick, April 15.—Mr. John Daly, mayor of Limerick, in the course of an address to a meeting here, said his recent visit to Chicago had convinced him that Irish-Americans would contribute nothing to the fund of the party seeking the freedom of Ireland through parliamentary agitation. He declared that it would not be desirable to pin faith to constitutional agitation at a time when England's power trembled in the balance.

### THE MARYLAND FRANCHISE LAW.

The new franchise regulation in Maryland does not differ essentially from the Massachusetts and Connecticut acts limiting the suffrage to persons who can read and write, says the Philadelphia Record. There is no special authority conferred on election boards, no suggestion or discrimination between races, classes or conditions of men. All those who cannot read and write, whether white, black, red or brown, are barred from voting in Maryland.

As a large proportion of the illiterate vote in the State has heretofore been classed as Republican the most strenuous objections to the law have naturally emanated from that political quarter, and the partisan threat of interference in Congress has been renewed accordingly. There may be some significance in such a menace this time, in view of the proximity of the State to the Federal capital and strong probability of Republican defeat with a restricted ballot. In other States where intelligence has been made a pre-requisite to the exercise of the suffrage no change of political domination has followed, so that discussion of the matter has not been sharpened by a sense of partisan loss of power.

### NOT ANGELS.

**Public Men in Indiana Said to Believe Durbin Will Give Up Taylor and Finley.**

INDIANAPOLIS, IND., April 12.—It is the belief of numerous men in public life here that Governor Durbin will honor a requisition for the return of fugitives Taylor and Finley, of Kentucky. It is apparent that the Republicans here are tired of their charges and men who were among the fugitives' staunchest friends at first are beginning to look upon them with a degree of suspicion. The testimony of ex-Governor W. O. Bradley in the Ripley trial at Frankfort has had great weight with them and the feeling is growing that Taylor and Finley are not the angels they were first thought to be.

### Special Revival Services.

At the M. E. Church, Third street, the Rev. C. W. Sutton, of Ashland, will preach. Song service will commence at 7:15, preaching at 7:30. There was one addition on Thursday evening and two at last night's meeting. "Come thou with us and we will do thee good."

A telephone message last evening announced the very critical condition of Colonel W. W. Lamar at Cincinnati. He was unconscious and his death was expected any moment.

### Holds Up a Congressman.

"At the end of the last campaign," writes Champ Clark, Missouri's brilliant Congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all round medicine ever sold over a druggist's counter." Overworked, run down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by J. Jas. Wood & Son, druggists.

### GREED OF TRUSTS

**Has Forced Cincinnati to Close One of Her Hospitals—Extortionate Prices For Supplies.**

[Enquirer.]

The greed of the trusts finally has resulted in an order to close the branch hospital. The order will be obeyed May 1st. Fifty patients, representing all stages of consumption and kindred diseases which the medical fraternity pronounce more dangerous than small-pox, and that have been rushed to isolation at the branch institution soon as discovered, will now be returned to the heart of the city, all because the trusts have put the City Hospital into a hole.

Such was the star development at the monthly meeting Friday of the Trustees of the Cincinnati Hospital.

"The trusts have increased the cost of the bare necessities of the hospital \$19,000 thus far this year," said Superintendent Fehrenbach. "I mean that the trusts have piled on \$19,000 of additional, extortionate profit for themselves. For a like amount of coal as last year, and the same kind of coal, we have to pay \$3,000 more this year. The same kind of alcohol we had last year costs us 100 per cent. more this year. And so it goes on down clear through the list of all the necessities of the hospital.

"The result is that the City Hospital to-day is \$5,000 to \$6,000 behind, and continuing to run behind \$1,000 a month. The number of patients to-day is 31 per cent. greater than for years, and yet we have no additional appropriations made to us."

These are the facts that resulted in the Trustees voting unanimously an order closing the branch hospital May 1. The necessity for the step was plainly not relished by any of them. They viewed it simply as unavoidable. Dr. Holmes, of the board, said it would save \$1,200 to \$1,500 a month. Superintendent Fehrenbach concurred in this view. The coal and light seem to be the principal things that will be saved. As to the people employed at the branch, one doctor, one head nurse and six nurses, three ward mates, two engineers and one hostler, it is not yet decided what disposition will be made of them.

The order calls for the closing to be from May 1 to October 1. With the finances in the distress that they are it is considered a matter of speculation whether there will be a re-opening October 1.

Another relief measure that was unanimously voted carried an appeal to the City Attorney to prepare an ordinance asking the city for \$7,500 for the hospital.

### BIBLE STUDIES AND LECTURES.

**Prof. Coler, of Ann Arbor, Greeted by Large Audiences Sunday—Subjects This Afternoon and To-night.**

Prof. G. P. Coler, of Ann Arbor University, began a series of Bible studies and lectures at the Christian Church Sunday, giving two studies in the Sermon on the Mount, speaking on "The Beatitudes" at 10:45 a. m. and on "The Fulfillment of the Law" at 7:30 last night. Large audiences greeted him at both services, and all were highly edified by his very instructive and interesting discourses.

Prof. Coler will continue throughout most of the week, closing on Friday night.

He will speak each afternoon at 3 o'clock and each evening at 7:30. Five studies in the life of Christ will be given at the afternoon meetings. "The Thirty Years of Private Life" this afternoon, "The Baptism and Temptation" Tuesday afternoon, "Three Years of Public Ministry" Wednesday afternoon, "The Trials of Jesus" Thursday afternoon and "The Resurrection" on Friday afternoon. At the night service he will give four studies in Genesis, speaking to-night from the first eleven chapters of that book.

Prof. Coler is a graceful as well as a very clear and forceful speaker and all should make it a point to hear him. The public cordially invited. Seats free.

### RIVER NEWS.

The White Collar Line Secures the Tacoma and M. P. Wells—Tacoma Enters Maysville Trade.

A heavy fog this morning delayed all the boats.

Considerable coal has been shipped from Pittsburgh the last few days.

The Urania, Courier and Virginia are due down this evening. Stanley up tonight.

The Tacoma is due down at noon in her new trade. She passes up each morning for Manchester, leaving there at 11:30 a. m. on return trip.

Commercial-Tribune: "On board the Urania the statement was made that the Bays were after the City of Wheeling, now tied up in the Upper Ohio river for want of a trade. If that boat is not bought, another was in view which will be placed in the Ironton trade on the alternate days of the Urania. The Greyhound, which is expected out this week, is, it is supposed, designed for the Portsmouth-Huntington trade, while the Chevalier will be dismantled."

The steamers Tacoma and M. P. Wells will hereafter navigate under the flag of the White Collar Line. This announcement came Saturday. Both boats, and especially the Tacoma, are good ones, and the M. P. Wells recently received repairs which place her in good shape. The M. P. Wells will enter the Chilo trade, and the Tacoma will take the place of the Indiana in the Maysville and Manchester trade, and the Indiana the Bonanza's place in the Pomeroy line. The latter boat goes on the Madison Ways this week. The Hattie Brown, which recently was brought up from the Madison-Warsaw trade to ply in the Chilo trade, will re-enter her old trade.

A special from Washington City says that Judge Pugh denies the statement that he is about to accept the position of Solicitor for the Treasury Department, recently made vacant by the resignation of his father-in-law, Judge Thomas. He does not intimate that the place was not tendered him by the President, but states that he is not considering it at present. He declares with much emphasis that he is still a candidate for the Federal Judgeship in his State, and that he is considering nothing else at this time. Judge Pugh said that he did not think the President would announce the appointment of the new set of court officials for Kentucky until after his return from the long Western trip.

The Paris Democrat says the item taken from the Dover Messenger stating that the parents of the late Mrs. Lottie (Craig) Orr are buried in the Craig graveyard, south of Dover, is not correct. The weekly circular of the warehouse interests will say to-day:

"Receipts and offerings have been somewhat more liberal, but the market has hardly been as satisfactory as at last report.

"While prices cannot be said to be lower, there has been a decided lack of uniformity in results. Certain grades have been very strong at outside figures, hogsheds frequently selling considerably above sellers' expectations. Others have not met with the same animated competition as heretofore, and hogsheds failing to come up to the standard, and if in good keeping order, have been promptly rejected. On the whole, however, rejections have not been large, though considerably more frequent than last week.

"Only a few scattering hogsheds of old goods have been offered, and a considerable portion of that has been of very inferior character, including several lots of scraps. While the supply is now so meager as to scarcely make a quotable market, there is still a good demand for desirable old goods at about former prices.

"Of the new leaf trashes and lugs, with good color and body, and good red tips, were the best sellers, and for choice lots some unusually high prices were paid. Medium to good lugs and leaf were considered a little 'off'.

"Tuesday's and Friday's sales were the best of the week, again emphasizing the benefits to be gained by a better distribution of the offerings through the four days of the week.

"The 59 hds. old offered averaged \$6.50 per 100 lbs., as against \$7.85 for the 210 hds. for the previous week and \$8.83 for the 225 hds. for the corresponding week of last year.

"The 2,067 hds. new offered averaged \$6.36 per 100 lbs., as against \$6.60 for the 1,653 hds. for the previous week and \$7.35 for the 928 hds. for the corresponding week of last year.

## ARBUCKLES' Roasted Coffee

No other coffee (not even the fancy-priced) is cleansed, roasted, blended and packed with greater care or more skill. Buy Arbuckles' Coffee and get better quality and greater value than you could get in any other coffee at anywhere near the same price.

With each package of Arbuckles' Coffee you buy a definite part of some useful article (see list which each package contains). The article is yours whenever you present a certain number of signatures from the wrappers at our Notion Dept. Look for the list.
